November 2023

Editor's Note

“November comes, and November goes. With the last red berries and the first white snows. With night coming early and dawn coming late, and ice in the bucket and frost by the gate. The fires burn, and the kettle sings and the earth sinks to rest until spring.”

-Clyde Watson, Frost by the Gate

CAPA News

Hopefully you were all able to enjoy summer in October before winter in November. The weather this year certainly has been hard to predict.

If you do not hold an individual membership with CAPA, a new perk of being part of a CAPA club, is that as a member of PGNS, you can register for a free one-year limited membership to become a "Member of a CAPA club". Once you are registered you will have access to a digital copy of the current Canadian Photography and be able to submit articles for publication in it.

If you already hold an individual member of CAPA, **do not sign up as "a member of a CAPA Club"** because you will cancel your paid CAPA membership which has different benefits. One of those is access to CAPA's monthly zoom series. On Nov 8, Wayne Fisher will be discussing "How Art meets Architecture".

As always, you can stay up to date with the latest CAPA news or check out the archives of CAPA's monthly newsletters by visiting:

Photography Trivia

How Many Photos Do People Shoot in a Year?

It is estimated that we take over a **trillion photos** every year (1,000,000,000,000). People upload around 300 million photos on Facebook and 95 million photos on Instagram every day. Today, human beings take more pics in 2 minutes than all the photographs made in the 18th century.
