PSA News

Dear PGNS Members,

If I were to say I am shocked at how fast time is going, I am sure you would all agree. Seems like last week we had the season opener at Viewpoint Gallery, and yet here we are going into October.

Straight ahead is the first of three Guild/PSA Competitions. In each of the three rounds, the top six images from each of the 5 categories are sent to compete with other PSA affiliated clubs in PSA Interclub. Upload Deadline is the 20th.

Look at the poster provided in this newsletter (Thank you, Kathy) for some of the details. There will be an email sent this week with more details, regarding the definitions and post processing rules for each category. You will also receive a form to fill out about sending your images away, if chosen.

The poster features a background collage of various nature photographs, including flowers, leaves, and abstract patterns. A large, vibrant yellow flower with a green center is prominently displayed on the right side of the poster.

Images used this time do not need to be 'new'. But they cannot be used in the same category as they might have been sent away in, last year. For example, if you used two images last year in one of the competitions and they both scored well but only one went away, this is your opportunity to use the second one again. Or you can use a Nature image used last year in Open Colour. (But remember, the next two Guild/PSA competitions require new 'never used at Guild' images).

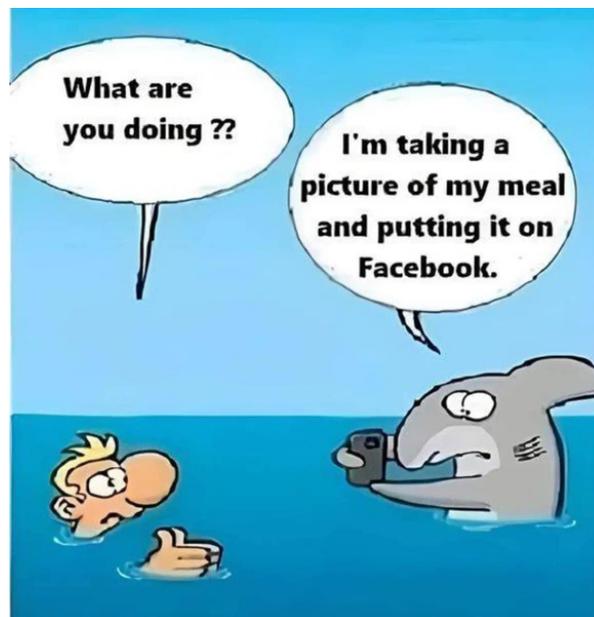

Along with the Guild/PSA sections of this competition are the first Guild Theme, Long Exposure, which must have been captured after May 1st, 2024, and the first of the 3 Creative competitions.

Bear in mind that the main reason for competition photography is to learn. The best way to learn is to join us for the Image Review night, to hear the judges' comments. We all learn from each other's images in this way. I have learned something from each of my low scoring images and from my high scoring images...but, in reality, I have also learned from fellow Guild members images as well. I think we all have. So, whether you compete or not, sign in for the webinar on the night of the Competition Review, Nov 3rd, and drink it all in.

I have just come home from the annual PSA Photo Festival, held this year in Tucson, AZ. It was a wonderful opportunity to spend time with old friends and make lots of new ones. There is a Photo Gathering trip being planned for February in Sri Lanka. As of right now Gary and I will attend. If you have questions, I can hook you up with the information and the details.

Cheers to a great PGNS year ahead. Happy 🍁 Fall ya'll !

CAPA Speaker Series

CAPA presents via Zoom: **Nikki Harrison**

English presentation: October 16, 2024

Pacific 4:00 PM – Mountain 5:00 PM – Central 6:00 PM – Eastern 7:00 PM – Atlantic 8:00 PM
(Canada)

Theme/topic of the presentation: **Painterly Portraits**

These images are not just “painterly” but actually painted using a very simple, but very powerful technique. Anyone can do this; all it takes is imagination. Nikki will touch on how to shoot for the best types of images to use, but really any types of portrait photography can work. Nikki will cover:

1. Making your own patterns for use with this technique.
2. Making brushes that will work in correlation with this process.
3. Putting it all together with a demonstration.

You can see her work by [clicking here](#).

Available to Individual CAPA members via the members only section of the website. Please login, go to Members > Zoom Invitation, copy and save the Zoom link before the presentation.
